DETAILED ACTION

Reasons For Allowance

1. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed because the prior art made of record does not teach or suggest a method of designing a clock tree in an integrated circuit in the manner as recited in the claims.

2. With respect to claim 1, the prior art fails to teach the combination of steps in claim 1 including the following particular steps as recited in claim 1:

(c) assigning a first-level structured clock buffer (SCB) to the bin, in which said step (c) of assigning a first-level SCB to the bin comprises the steps of attempting to place a horizontal SCB, then attempting to place a vertical SCB in a central location when a horizontal SCB will not fit in said location.
